

## **AWEA Safety and Health Recognition Award**

### **Eligibility Requirements**

The AWEA Safety and Health Recognition Award honors a business, enterprise, or entity that is an AWEA member in good standing who demonstrates consistent improvement in safety performance. In keeping with the spirit of sharing experiences to promote the advancement of safety within the wind industry, winners agree to share their best practices within AWEA.

### **Goals**

The AWEA Safety and Health Recognition Award aims to recognize organizations that have health and safety well integrated as a key value and in which measurable achievements can be demonstrated and verified. Establish a process by which AWEA members can measure the performance of their safety management systems. Capture and evaluate the successes and lessons learned with the goal of sharing safety management systems and best practices.

### **AWEA Safety and Health Recognition Award**

The AWEA Safety and Health Recognition Award focuses on the self-perform for your company only. This recognition aims to highlight organizations that have health and safety integrated as a key value and in which measurable achievement in safety performance has been made. **For your company only:**

- Total Recordable Incidence Rate (TRIR) and Lost Time Case Rate (LTCR) both at/or below the AWEA average for the year applied.
- No fatalities during the previous calendar year.
- No serious safety violations issued by OSHA.
- Must participate in the AWEA Safety Data Collection Report.
- Must have a defined, written safety program.

### **Key Dates**

- Entry deadline: November 1, 2019
- Presentation location: AWEA Wind Project O&M and Safety Conference February 26 – 27, 2020, Hotel Del Coronado, San Diego, CA
- Submission email: [safety@awea.org](mailto:safety@awea.org)
